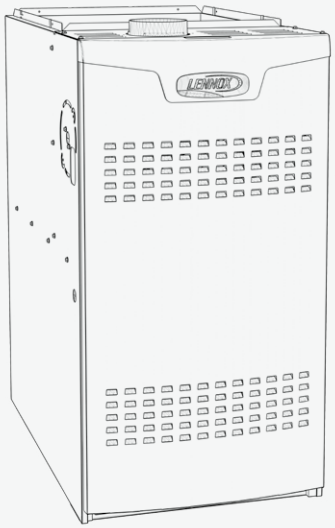
YES TO WARMTH. NO TO EMISSIONS.

ULTRA-LOW EMISSIONS GAS FURNACES

PRODUCT COMPARISON GUIDE



DAVE LENNOX *signature*® COLLECTION

Dave Lennox *Signature*® Collection furnaces are some of the most precise, efficient and quietest heating systems you can buy. They're engineered for perfect warmth and savings, even on the coldest winter days.

Ultimate Comfort System™ model

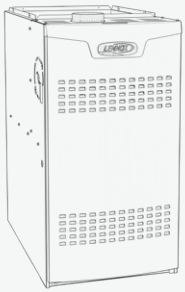
iComfort®-enabled model

ENERGY STAR® certified model

Dual-Fuel model

Dave Lennox *Signature*® Collection

	SL297NV	SL280NV
Product Highlights	First-in-class, lowest emission furnace on the market $$$	First-in-class, lowest emission furnace on the market $$$
Efficiency Ratings	Up to 97.5% AFUE 65% lower NOx emissions than standard low NOx furnaces Stainless steel secondary heat exchanger Insulated blower compartment to minimize heat loss and maximize efficiency Can be combined with a Lennox® heat pump in a dual-fuel system for maximum efficiency	Up to 80% AFUE 65% lower NOx emissions than standard low NOx furnaces Insulated blower compartment Dual-fuel compatible
Comfort	Variable-speed motor produces a consistent flow of air, preventing temperature swings Two-stage heating operates at a more efficient capacity to allow for extra capacity on chilly mornings or evenings	Variable-speed motor Two-stage heating
Quiet Operation	SilentComfort™ technology for peace, quiet and comfort Special sound-absorbing insulation Sealed burner box for quiet operation	SilentComfort technology; fully insulated cabinet Special sound-absorbing insulation
Indoor Air Quality	Ultra low continuous fan speed for 24-hour IAQ benefits	Ultra-low, continuous fan speed
Quality & Reliability	SureLight® hot surface ignition Lifetime limited warranty on heat exchanger; 10-year limited warranty on all remaining covered components[2]	SureLight hot surface ignition 20-year limited warranty on heat exchanger; 10-year limited warranty on all remaining covered components
System Optimization	iComfort®-enabled for smart and simple comfort control; designed to integrate with iComfort S30, iComfort Wifi, and iHarmony® zoning system, PureAir™ *S* air purification system and Humiditrol® dehumidification system[3]	iComfort-enabled for smart and simple comfort control; designed to integrate with iComfort S30, iComfort Wifi, and iHarmony zoning system, PureAir *S* air purification system and Humiditrol dehumidification system[3]



ELITE® SERIES

The Elite® Series furnaces deliver high efficiency and complete comfort. Compared to conventional heating products, Elite Series units can help save you hundreds of dollars in energy costs each year.

Elite® Series

EL195NE	EL180NE

Lifetime limited warranty on heat exchanger; 5-year limited warranty on all remaining covered components[2]	20-year limited warranty on heat exchanger; 5-year limited warranty on all remaining covered components
Designed to integrate with iComfort E30, ComfortSense CS7500/CS5500/ CS3000 thermostats; PureAir air purification system[3]	Designed to integrate with iComfort E30, ComfortSense CS7500/CS5500/ CS3000 thermostats; PureAir air purification system[3]

1 Power Saver™ constant-torque motor adjusts airspeed based on demand for more efficient comfort.

2 Covered components may be eligible to receive a 10-year limited warranty. Online equipment registration at www.lennoxregistration.com is required within 60 days of installation (except in California and Quebec) or Lennox' base warranty will apply. Applies to residential applications only. See actual warranty certificate for details.

3 iComfort® S30 & iComfort® Wifi are designed to work with Lennox iComfort-enabled communicating equipment. The iComfort E30 & iComfort M30 are universal options that are designed to work with non-Lennox communicating and non-Lennox systems.

NOTE: Due to Lennox' ongoing commitment to quality, all specifications and ratings are subject to change without notice. Warranties noted apply to residential applications only. Please see actual warranty certificate for details. Always verify actual system efficiencies through AHRI or by visiting AHRI ratings database at www.ahridirectory.org.

WARM LOCALLY, COOL GLOBALLY

Lennox® ultra-low emissions gas furnaces are the first of their kind available, built to exceed California's stringent air quality regulations that were designed to reduce global warming. The key emissions, a group of reactive gasses known as Nitrogen Oxides (NOx), not only contribute to rising global temperatures, but also to ground-level ozone that can inflame the lungs, worsen asthma, and cause a host of other respiratory problems. By greatly reducing these emissions, these furnaces ensure perfect warmth as well as cleaner and healthier air for you and your family.

FINANCING YOUR SYSTEM

Enjoy more comfort and purchasing power. Take advantage of flexible financing options that allow you to enjoy the innovation, precision and efficiency of Lennox on your terms.*

**Subject to credit approval. Minimum monthly payments required. See your Lennox Dealer for details.*
