COMPLETE COMFORT
in one convenient package

LRP16/LRP14 PACKAGED UNITS
Compact packaged units for residential applications
ENERGY-SAVING EFFICIENCY

Ideal for homes built on a crawlspace instead of a basement, LRP16 packaged air conditioners and heat pumps provide year-round comfort and energy savings. With efficiency ratings of up to 16 SEER, LRP16 packaged units are as efficient as they are versatile.

EFFICIENCIES OF UP TO
16.00 SEER, 8.20 HSPF & 81% AFUE*

The LRP16 has earned the ENERGY STAR® certification, which means it meets or exceeds guidelines set forth by the U.S. Environmental Protection Agency.

EFFICIENCY INNOVATIONS

TWO-STAGE COMPRESSOR
Delivers more even temperatures, enhanced dehumidification and reduced energy consumption for lower operating costs.

VARIABLE-SPEED FAN
Efficient and quiet, the variable-speed fan reduces drafts in your home, controls humidity and improves air quality.

EFFICIENT BLOWER MOTOR
Maximizes comfort and reliability.

ENHANCED COIL GUARD
Protects the condenser coil, maintaining the efficiency of the unit.

SMART DESIGN

LRP16 packaged units have a compact footprint that allows for quick installation and blends in with your outdoor environment. An optional Healthy Climate® air purification accessory is also offered to improve indoor air quality.

DESIGN INNOVATIONS

INTERNALLY-MOUNTED OUTDOOR FAN
Significantly reduces operating sound.

OPTIONAL AIR PURIFICATION ACCESSORY
Removes volatile organic compounds and odors from sources like cooking smells, cleaning products, pet odors and fumes from carpeting or furniture solvents.
COMPACT COMFORT

LRP14 packaged air conditioners and heat pumps offer energy-efficient comfort in one self-contained system. With efficiency ratings of up to 14 SEER, they also deliver year-round energy savings.

EFFICIENCIES OF UP TO
14.00 SEER, 8.00 HSPF & 81% AFUE*

RELIABLE COMFORT

LRP16 and LRP14 packaged units are constructed from the highest-quality materials to ensure season after season of reliable operation. Their rugged design includes steel louvered coil protection for added durability.

PEACE-OF-MIND PROTECTION

LRP16GE and LRP14GE/DF packaged units come with a 20-year limited warranty on the heat exchanger. All units come with a 10-year limited warranty on the compressor and a 5-year limited warranty on all remaining covered components.**

*The cooling efficiency rating for air conditioners and heat pumps is Seasonal Energy Efficiency Ratio, or SEER. The heating rating is Heating Seasonal Performance Factor, or HSPF. The higher the SEER and HSPF, the better the energy performance, and the more you save. AFUE, or Annual Fuel Utilization Efficiency, is a measure of how much usable heat is generated when natural gas is burned in the unit. The higher the AFUE, the more heat you’ll get from your natural gas, and the less gas you’ll have to use to stay warm.

**Covered components may be eligible to receive a 10-year limited warranty. Online equipment registration at www.lennoxregistration.com is required within 60 days of installation (except in California and Quebec) or Lennox’ base warranty will apply. Applies to residential applications only. See actual warranty certificate for details.

California Only

If installed in South Coast Air Quality Management District (SCAQMD) only: This furnace does not meet the SCAQMD Rule 1111 NOx emission limit (14 ng/J), and thus is subject to a mitigation fee of up to $450. This furnace is not eligible for the Clean Air Furnace Rebate Program: www.CleanAirFurnaceRebate.com.

If installed in San Joaquin Valley Air Pollution Control District (SJVAPCD) only: This furnace does not meet the SJVAPCD Rule 4905 NOx emission limit (14 ng/J), and thus is subject to a mitigation fee of up to $450.
