

Air is life. Make it perfect.™

You're keeping us safe.

We want to say thanks.

Lennox is extending our Friends & Family Rebate to First Responders and Frontline Workers* on Indoor Air Quality Products.

The quality of your air has never been more important.

Get the most from your indoor air filtration when you upgrade to a high-efficiency Healthy Climate® or PureAir™ air purification system.

These filters are ranked high on the MERV scale, or Minimum Efficiency Reporting Value which measures how successfully they filter pollutants. They are among the best in the industry, trapping up to 99.99% of indoor pollutants, including pollen, pet dander and smoke
